More Work for the Blind.

The regular monthly meeting of the board of directors of the Aid Association for the Blind of the District of Columbia was held at the Home for the Blind, 915 E street northwest, Tuesday. Vice President Mrs. Julia E. Pond presided. The chairman of the admission committee

The chairman of the house committee reported, among other things, that through the efforts of the matron, Mrs. E. C. Gittings, enough money in small donations had been collected by her in the last few weeks to purchase for the home a fine refrigerator and china closet. The board voted a letter of thanks to Mrs. Gittings.

The chairman of the industrial committee received that solve the committee received that solve the control of the con

The chairman of the industrial committee reported that only one meeting of the committee had been held during the month, for the purpose of investigating and purchasing new machinery for the mattress department. After much investigating the machinery was bought and paid for by donations raised by the members of the committee. The chairman also reported that she had received the contract from the Treasury Department to recane the chairs of that department for the ensuing year, and from the Post Office Department to supply all the brooms to be used by it for the year. It was decided to continue the weekly advertising in the daily papers, as much work has been secured thereby.

The chairman of the ways and means committee reported progress in its many plans for the coming winter for increasing

the funds of the association.

VISIT OF McCARREN FEATURE OF THE DAY AT ESOPUS.

400 Letters in Today's Mail-Olney, Schurz and Watterson Send Congratulations-Callers.

ESOPUS, N. Y., July 14.-The expected visit of State Senator Patrick H. McCarren to Judge Parker was the only item of interest at Rosemount today beyond the installation of a telegraph operator in the newly arranged office at the lodge, beside the gate. The real work in the new offices will not begin there before next week, the judge's correspondence still being carried on in his law library in the house.

There were nearly 400 letters in the early mail today, and the judge went briskly at them. A very large output of letters was the result. Among the letters received today was this from Richard Olney:

Olney's Great Satisfaction. "BOSTON, July 13, 1904.

"Alton B. Parker, Esopus, N. Y. "Dear Sir-You must allow me to express my great satisfaction that you are to be the candidate of the democratic party for the presidential office in the coming national election. That both the party and the country cannot be too emphatically congratulated is certain. Whether you can fairly be congratulated personally, I beg leave to doubt. Your present position is so exalted and so manifestly congenial to your tastes, and is filled with such distinction, that, leaving it for politics cannot justly be imputed. imputed to anything except a patriotic sense of duty. That fact will be appre-ciated by the intelligent voters of the country and cannot but enhance your claim to their confidence and support.

"Believing your candidacy, auspiciously begun by a most striking proof of fidelity to conviction, will be identified with the present and future welfare of the republic, and strongly wishing and hoping for its complete success, I am, sincerely yours, "RICHARD OLNEY."

Henry Watterson, editor of the Louis-ville Courier-Journal, sent Judge Parker a lot of clippings from his paper, with a let-ter in which he congratulated the judge, and concluded as follows: "I shall go into the campaign before us with a greater confidence of victory than I have ever had before, not even excepting the campaign of 1876."

Withheld Schurz's Letter. There was also a congratulatory letter

from Carl Schurz, which the judge declined to make public. A new sort of letters at hand today was

those of parents who have named their newly born children "Alton," or "Parker," or both, after Judge Parker. There was one from Decatur, Ill., and from Shelby-ville, Ind. There was also a letter from Yonkers, signed "A Grateful Mother," written in a cultivated hand, and thanking the judge for the example which, she said, he had set before the young men and voters of the nation of loyalty to conviction. Judge Parker had his swim as usual, and

his horseback ride, otherwise his morning was spent in his office.

Luncheon, which usually is served at 1 o'clock, was delayed for Senator McCar-

Cockran, Belmont and Rody. Representative Bourke Cockran of New

York, August Belmont and William S. Rody of the democratic state committee arrived at Esopus today, and were taken to Rosemount in Judge Parker's carriage. They all said they came on the invitation of Judge Parker, and did not know what would be the subject of the conference or how long they would stay.

It was not until the arrival of three

well-known democrats that there was any knowledge of a conference other than that Carren. Representative Cockran was asked if he would take the stump for Judge Parker.
"Is it necessary to ask that?" he replied.

Cockran to Support Ticket. He said that he would support the ticket with his whole heart any way that appears likely to help toward victory.

Mr. Belmont was uncommunicative. He said he had not seen Governor Hill since the convention. He did not know what was to be the subject of their conference with the candidate.

The three were driven to Rosemount, were warmly greeted by Judge Parker and sat chatting with him while awaiting the arrival of Senator McCarren.

BAD FOR THE PEACH CROP. The Daily Rains Develop a Deadly "Brown Rot"

The failure of the Delaware peach crop is reported by the Department of Agriculture to be imminent unless there is a sudden cessation of the diurnal rains which have almost flooded that state and the eastern shore of Maryland for the past few weeks. So persistent has been the fallure, partially or wholly, of this fruit crop of the peninsula that the public has learned to look for it yearly, and the report which is now made, although delayed somewhat be-yond the regular time of its appearance, will be received with resignation by the

The rains, which are responsible for the partial or complete fallure of the crop, de-velop what the experts of the Agricultural Department term "monilia," or "brown rot," and when once this disease takes hold of a crop of peaches they are unfit for use. Delaware and Maryland have not been the only states to suffer from this trouble to their horticultural enterprises. West Virginia and even some of the northern states having been also affected by the continual rains. In the latter states there is more hope for a good crop, the season being later and the weather not troubling them

so much as in the warmer latitudes along the Atlantic coast. Humidity and rain are the best friends of the "monilia," and the scourge seems to have had plenty of assistance this season in prosecuting its nefarious work on the luscious peach. This fruit is not alone in suffering from the ravages of the parasite, plums, cherries and other stone fruits coming in for their share of the trouble. The rains cause the fruit to burst and leave an opening for the "monilla," which enters the fleshy pulp and ruins the fruit.

So small is this parasite that we are as-

sured by the scientists that hundreds of millions of individuals settle on a single peach and begin their destructiveness and the rearing of families numbering myriads. To the naked and inexperienced eye of the amateur the parasite is not perceivable except as a brown blotch upon the fruit, but so rapid is the march of the parasite that within a few days entire orchards are fre-quently destroyed by their ravages. As yet there has been found no remedy for the plague, but the scientists of the department are hard at work to find one and say they are confident they will before long have discovered the anti-toxin for this particularly obnoxious insect.

To Attend Militia Encampments. Maj. Henry P. Birmingham, surgeon, has been detailed to attend the encampment of the National Guard of Pennsylvania, to be held at Gettysburg from July 23 to 30. First Lieut. A. La Rue Christie. 8th In-

fantry, has been detailed to attend the en-

campment of the organized militia of the state of Delaware, to be held at Coochs

July 16 to 23.

Canal Commission Changes. Capt. Edward L. King, 2d Cavalry, has

been relieved from duty at the Military Academy, West Point, N. Y., and ordered to this city for duty with the Isthmian canal commission. First Lieut, Mark Brooke, Corps of En-

gineers, has been relieved from duty under the Isthmian canal commission on the isthmus and ordered to duty with the 2d Battalion of Engineers at the Washington barracks. The Chesapeake and Potomac Telephone

The Chesapeake and Potomac Telephone company has requested the Commansioners to grant it permission to string an okonite weekly advertising in the daily papers, much work has been secured thereby. The chairman of the ways and means militer reported progress in its many and for the coming winter for increasing an for the coming winter for increasing an full papers, and for the commissioner Macfarland that the full papers, and for the coming winter for increasing an full papers, and for the coming winter for increasing an full papers, and for the ways and means for the coming winter for increasing an full papers, and for the ways and means for the coming winter for increasing an full papers, and for the ways and means for the coming winter for increasing an full papers, and for the ways and means for the coming winter for increasing an full papers, and for the ways and means for the coming winter for increasing an full papers, and for the ways and means for the coming winter for increasing an extent to spain, has arrived nere on leave of absence from his post.

Cured by a Madstone. A message from Stafford county, in Virginia, states that Miss Sallie Hewitt, who resides at Hartwood, near Fredericksburg, was bitten by a supposed rabid dog a few days ago, and an ugly wound resulted. She was taken to Bloomfield, in Fauquier county, where a madstone was applied. The ty, where a manstone was applied. The stone, it is stated, stuck to the wound for several hours, and drew out quantities of poison. The young lady has returned to her home, and no evil results are anticipated.

Presidential Candidate in Jail. A dispatch from East St. Louis, Ill., last night says: William P. Scott, candidate for President of the United States on the national liberty party ticket, was arrested today on account of an unpaid fine and taken to Belleville, the county seat of St. Clair county. Several months ago Scott, who runs a saloon and summer garden at Den verside, was convicted of conducting a dis-orderly place and his fine and costs amounted to \$149.80. He paid \$50 and was given time to pay the balance.

Baltimore Society Woman Divorced. A dispatch from Baltimore last night says: Mrs. Anna Adelaide Dobyns obtained an absolute divorce today from Dr. Frederick Dobyns on the ground of abandonment. The trouble between Mrs. Dobyns and her husband began while abroad on their bridal tour, which resulted in her leaving him in Bremen. The couple lived together five months. Mrs. Dobyns stated that she endured her husband's brutality during their wedding tour until they reached Bremen, where she received a letter telled Bremen, where she received a letter telling her her mother was very sick. She told Dr. Dobyns she would be obliged to return home, when, she says "he carried on like he was crazy." He picked up a satchel, she says, and threw it at her. She left him, went to Berlin and returned to this country on the steamer Rhine. Mrs. Dobyns' father is William Ortwine, a wealthy Baltimorean. The family lives on Madison avenue and moves in society.

First Conviction Under Jim Crow Law A dispatch from Baltimore last night says: The first conviction in Maryland under the "Jim Crow" car law, which was passed at the last session of the legislature, was secured today in the criminal court. when Judge Wright found James Davis. colored, guilty of violating the terms of the law and fined him \$25. Davis was arrested aboard the steamer Rock Creek July 2, while she was lying at the Baltimore wharf, on a charge of refusing to occupy the colored apartments on the steamer. In imposing the fine Judge Wright said: "It must be understood that this law must be explicitly obeyed. A law similar to it has been declared constitutional by the highest court in this land, and citizens must remember that infractions of it will be punished.'

Diplomats Here on Leave of Absence. Mr. Arthur S. Hardy, United States minster to Spain, has arrived here on leave

PRESIDENT IS FULLY ADVISED OF ALL DEPARTMENTAL AFFAIRS

Enjoys His Horseback Ride and Plunge in the Bay Launch Ex-" plosion-Caffers.

OYSTER BAY, L. I., July 14.-After a gallop over the fine roads in the vicinity of Sagamore Hill today and a plunge in the bay President Roosevelt devoted several hours to work on official business in his library. He was joined about 11 o'clock by Secretary Loeb, who presented for his consideration a mass of correspondence, which had reached the executive offices by mail and by telegraph.

The President is keeping in close touch with departmental affairs in Washington. Indeed, his daily routine of attention to governmental matters does not differ essentially from that in Washington. A direct telegraph wire from the executive offices here to the White House enables him instantly to communicate at any time of the twenty-four hours with the members of his cabinet and other officials with whom he transacts business personally.

Aroused by Explosion. Last night the President and his family were aroused by the explosion of the big gasoline launch at the dock of the Seawanhaka-Corinthian Yacht Club on Center Island, just opposite Sagamore Hill. The President is a member of the club and was concerned lest the accident should have resulted in fatalities. It was said at the club house today that J. S. Gillespie of Stam-ford, Conn., the owner of the launch, who was very seriously injured by the explosion, is out of danger.

The President received several calls from personal and political friends today. Among the visitors were James K. Sheffield of New York, fire commissioner under Mayor Low's administration; Justin McCarthy of Brook-lyn, an author and writer on current topics; M. A. Gunst, police commissioner of San Francisco and a delegate to the recent republican national convention, and Rev. Father Malone of Denver, Col., whom the President met on his western trip last year.

THE FILTRATION PLANT. Work on the Beds Progressing Satis-

Colonel Miller, the engineer officer in

charge of the Washington water supply system, has made a report to General Mackenzie, chief of engineers, in regard to recent operations for the establishment of the filtration plant near Soldiers' Home. from which it appears that fairly good progress is being made. During the month of June 27,550 cubic yards of material were excavated and 9,370 cubic yards of concrete were laid, mostly on the floors, underdrains and vaults. The floors of beds 17, 18, 19 and 22 are completed, the floors of beds 16 and 21 almost completed and the flooring of beds 15 and 20 has been started. All the piers in beds 19 and 23, almost all the piers in bed 18 and a few in bed 22 are finished. The north wall of beds 16, 17, 18 and 19, the south wall of bed 21 and the division wall between beds 23 and 24 were completed during the past month. The partition wall and entrance of bed 24 are practically complet-ed. The east wall of the filtered water reservoir is completed and work has begun on the south wall.

According to Colonel Miller, the water served to the people of Washington during the month of June was very turbid for twenty-two days and clear the remaining eight days. The consumption and waste of water during the twenty-four hours ended at 8 a.m. June 23 amounted to 66,193,900
